

FME-Cables, White
*White RG 58 Coaxial Cable with
FME-Connector at Both Ends*

4 m FME-White
4 m white RG 58 coaxial cable
with FME-connector mounted at both ends

6 m FME-White
6 m white RG 58 coaxial cable
with FME-connector mounted at both ends

12 m FME-White
12 m white RG 58 coaxial cable
with FME-connector mounted at both ends

18 m FME-White
18 m white RG 58 coaxial cable
with FME-connector mounted at both ends

The applied RG 58 coaxial cable is a special PROCOM-design having the lowest loss possible for RG 58-type coaxial cable and a very precise 50 Ω characteristic impedance. The cable is produced under continuous automatic control to ensure high quality.

In the design of the FME-connectors the SWR has been minimized ensuring low mismatch loss and maximum power transfer.

PROCOM A/S reserve the right to amend specifications without prior notice.
